Early Intervention – Who Does the Work?
Eva Horn and Ann Turnbull

Our Purpose Today
• DEC is working on a position statement on the need for a competent early intervention workforce.
• Initial effort is gathering input from the field, that is those that are out their doing the real work with infants/toddlers and families.
• Opportunity to have the work of Kansas be heard and influence the scope of this new paper.

Give Us Your Thoughts
1. Is it needed?
2. What should it say?
3. What should it NOT say?

Thank you
